Miguel's Story

Meet Miguel, a high school junior whose earliest and fondest memories are of Morristown Neighborhood House.

Miguel has been a part of the Nabe family for the past 14 years, participating in the Nabe's Preschool, Afterschool, and Summer Camp Programs. He has fond memories of his teachers, who always welcomed him with warm smiles and positive encouragement.

Now that he is in high school, Miguel gives back to Morristown Neighborhood House while he plans for his future. He is a Teacher's Assistant for the Nabe's first and second graders and participates in the Nabe's College Prep Program. He receives invaluable academic guidance and professional mentoring while serving as a role model to younger students.

Miguel (far left) poses with other Nabe tutors and mentors after a workshop with Investors Bank.

Miguel looks forward to his senior year of high school and plans to go to college to study Social Work.

Miguel says, "The Nabe has always been a safe haven for me when times are hard." He feels that Morristown Neighborhood House has been with him every step of the way and has influenced him to help others.

Chair, Board of Directors

2019 is off to an exciting start! New faces, including our new Chief Operating Officer Ayo Sanderson Wilson and our new Chief Financial Officer Ana Prado, have joined our team of very talented staff and new initiatives are well under way. Let's pause a minute to take a look back at an equally exciting 2018 and thank everyone who helped us change lives.

We always say that it is not just the specific programs that we provide but it is all the extras that allow us to make such a powerful difference. Please enjoy reading our 2018 Annual Report to see the difference we make.

2018 was also a year of change. As part of our strategic plan, we sold our headquarters building on Elm Street and moved our administrative offices to 80 Washington Street in Morristown. The proceeds from that sale will help us to realize our strategic vision of expanding programs and meeting the needs of our community – the future will be exciting as we build better lives and stronger communities.

Growing Up Great

Morristown Neighborhood House Receives a 3-Star Rating from New Jersey's Quality Rating Program, Grow NJ Kids

Morristown Neighborhood House, a subsidiary of Cornerstone Family Programs, received a 3-star rating for their successful completion of the rigorous, research-based Grow NJ Kids quality rating program.

Grow NJ Kids is New Jersey's Quality Rating and Improvement System. It offers child care and early learning program access to training, professional development, staff scholarships for continuing education and targeted technical assistance.

"We did it! I am extremely proud of the program staff and all of their hard work in achieving this goal," said Dayjahanae Rogers-Martin, Director of Childcare Services.

The rating will further the school's mission to provide quality child care for children ages 12 mos. to 5 years. The purpose of the Preschool and Toddler Program is to provide an atmosphere that encourages social, emotional, physical, and intellectual growth and the development of the whole child.

"Grow NJ Kids offers resources to help educate parents on the importance of quality child care and early childhood education," says Andrew Breitweiser, Grow NJ Kids Coordinator. "It also gives parents and families the tools needed to find programs that will make the most out of their kids' early learning experiences."

We are extremely proud of our Preschool students and staff, who work to keep Morristown Neighborhood House a haven to learn, play, and grow!

Making Our House a Home: Design for a Difference

A small storage area in our Toddler Room "before" the transformation

With a fresh coat of paint, new cabinetry, and more, our Toddler Room has become a beautiful interactive space for our young students!

"Two rooms at Morristown Neighborhood House got a much-needed makeover by J&S Designer Flooring as part of Design for a Difference, an initiative where members of the design community donate time and materials at a local charitable organization." (Source nj.com)

Our rooms were inspected for repair, and J&S Designer Flooring, along with Eastern Design Group, and a host of individual and group volunteers and supporters helped make the renovation possible.

Improvements included new cabinetry, a fresh coat of paint, flooring, and special installations to keep our curious toddlers safe.

We are truly grateful for J&S Designer Flooring and Eastern Design Group for making this project possible.

Kate said, "It's highly unusual for female veterans to find a place, to find a home...it's incredible to know that women in New Jersey are in such a [great] place thanks to Operation Sisterhood."

Fight Like A Girl with Kate Germano was presented in partnership with Atlantic Health System and Catholic Charities USA (NJ), and with special thanks to Assemblywoman Cleopatra Tucker and generous program supporters The Healthcare Foundation of New Jersey and Merck.
